4 **WARNING! Follow these safety instructions to reduce the risk of fire, explosion and electric shock.**

- Only use batteries and chargers supplied or recommended by the manufacturer.
- **Battery model details and number: HC-KIRIN3624.5**
- **Charger model details and number: DPLC126V42-S**
- **Maximum charging time this vehicle should be charged for: 9 hours**
- Charge your vehicle and batteries in an open area away from combustible and highly flammable materials, such as beds, sofas and carpets.
- Store and charge your vehicle and batteries in a cool, dry place away from direct sunlight. ● Keep batteries away from moisture, heat and impact.
- Allow time for batteries to cool before recharging or storing. ● Store and charge your vehicle and its batteries away from doorways.

WARNING! Modifying or tampering with your vehicle can result in a fire, explosion or electric shock.

Don't

- Modify or tamper with any component of this vehicle.
- Leave charging batteries unattended or on charge overnight.
- Use or charge this vehicle if it is damaged.
- Use batteries or vehicles that are overheating or showing signs of failure, such as swelling, leaking or venting gas.
- Buy or use a vehicle or battery that has been altered or modified.
- Charge this vehicle for more than the recommended charge time.
- Use or charge a damaged battery.

Learn more about lithium-ion battery safety: nsw.gov.au/lithium-ion-battery-safety

WARNING! Fires involving lithium-ion batteries can occur rapidly and can be violent, involving toxic smoke and vapours, flames, and molten projectiles.

If your vehicle or battery emits sparks, smoke or flames, evacuate the area and call Triple Zero (000). Close doors if safe to do so.

Warning signs include:

- Pungent odours
- Discolouration, blistering, bulging, or swelling of the casing
- Leaking electrolyte
- Heating up and becoming extremely hot to touch
- Abnormal popping, hissing or crackling sounds, smoke, and fumes

Never touch a swollen or ruptured device or battery with bare hands.

Seek urgent medical assistance if anyone has been exposed to spilled electrolyte, flying debris, smoke or vapours, or flames.

Make sure you know what to do if your device or battery is smoking or on fire: fire.nsw.gov.au/batteries/what-to-do

6 For vehicles where the battery can be separated from the vehicle

Safely separate your vehicle battery for disposal by following these instructions:

- ❖ To remove the battery, hold the battery with one hand, insert the key into the battery lock with the other hand and turn clockwise. Then carefully remove the battery from its base by moving the battery in the direction of the arrows shown.

WARNING: Disconnect any power source and make sure it is safe before separated the battery

For all vehicles

WARNING: Do not dispose of this vehicle or components of this vehicle in household or kerbside garbage bins. When disposing of this vehicle or components of this vehicle, check the applicable local waste and disposal laws.
